## Zoongaabwidaa Giizhgaad Standing Strong Together!

You are cordially invited to take part in one of our seven interactive learning sessions, in which participants will learn about Anishinaabe culture. Don't miss this opportunity to benefit from the teachings of George Couchie, as he takes us through a three-hour experience highlighting his culture and history while educating us about the impacts of residential schools. Through a learning circle, George will share his knowledge of Indigenous culture, its history and celebrations in support of reconciliation. This includes the Seven Grandfather teachings, The Medicine Wheel Teachings, the Smudging Ceremony and teachings regarding the language.
